To Whom It May Concern:

RE: Fastrac Electric
810 Saturn Street, Suite 25
Jupiter, FL 33477

Fastrac Electric has worked with us on several projects. Among them are Garden City Elementary, Smithsonian Marine Ecosystem Exhibit, St Anastasia School Addition, and Central High School Building F & Gym Lobby Renovations. Their attention to detail and professionalism has always been adhere to.

We have a close working relationship with Fastrac Electric throughout every project and are completely satisfied with their performance.

Fastrac Electric has been found to be extremely cooperative, enthusiastic and competent in all aspects of their contract responsibilities. They are always available to address any problems that may arise during the construction process and have developed an excellent rapport with all those involved in the projects.

We are pleased with the work done by Fastrac Electric and would highly recommend them to any project with the knowledge it will be completed in a professional and competent manner.

Sincerely,

A handwritten signature in black ink, appearing to read 'Paul E. Jacquin', is written over the word 'Sincerely,'.
